The colored Methodists of the place held a district conference here during the past week, with many visiting ministers present.

Several families here complain they were overlooked by the census enumerator. Such carelessness is inexcusable in the town limits.

The first carload of peaches to reach Jacksonville this season was shipped from this place via Huntington and reached its destination on Monday.

Miss Ruth Herlong, who has been a student in Judson college, Marion, Alabama, has arrived at her parents home here.

B. F. Tillinghast and Chas. A. Gowen were the Crescent City representatives at the meeting of the Horticultural Society in Orlando last week.

Mrs. J. Fletcher Allen spent a few days last week with her daughter, Mrs. Perry Fields of Sanford. Master Clarence Fields came home with her.

Hon. Robt. W. Davis of Tampa was in the city last Tuesday to speak in the interests of Senator Taliaferro's re-election. But slight notice of the meeting had been given.

James Padgett, sr., has so far recovered from his recent serious injuries—received in a runaway accident—as to be able to be out again. Mr. and Mrs. Padgett attended church last Sunday, where they received the congratulations of their friends.

Mrs. L. Eaton has returned from a visit of three weeks with her sister, Mrs. R. F. Adams, at Palatka. Mr. Eaton, Miss Mary Alice Eaton and Mr. Audley Eaton went to Palatka Sunday in the latter's launch and brought her home. Mrs. Eaton is said to be some better.

Rev. Dr. S. B. Rogers of Gainesville, Secretary of the State Baptist Association, preached at the Baptist church last Sunday morning and evening, at the morning service dedicating the church, now free from debt. The Methodist and Presbyterian churches joined in the services.

Mr. and Mrs. L. A. Hurlbut moved into their new and magnificent bungalow home last Saturday and are fast getting settled. They will leave for Norfolk, Conn., today accompanied by Miss Mary Haake, but will return to occupy their new home early in the fall.

The Methodist District Conference will meet with the Methodist church here on June 8th and continue over until Sunday the 12th. Many clerical and lay delegates will be present and an interesting series of meetings will be held. Later the News hopes to print a full program of the meetings.

Quite a number of ladies visited Palatka last Monday night to attend the commencement exercises of the Palatka high school, and in honor of one of the graduates—Robert Hutchinson, formerly of this place, and who had attended the school here all but the last year. Crescent City people will not lose interest in this deserving young man.

Mr. and Mrs. Frank Buck left for their home in Philadelphia last Wednesday and where they will remain until the first of November. Mr. and Mrs. Buck have been spending many seasons in Crescent City and have a beautiful orange grove. They are among the earliest of our winter residents to arrive in the fall and the last to leave in the spring. Their coming is always a joy to our people and their going fills us with regret.

The Crescent City base ball club went to San Mateo on Friday of last week, where they were entertained at a picnic and where they played games with both the Hastings and San Mateo clubs, winning both games. Quite a party of young people went with them and all enjoyed the open hospitality of the San Mateo people. The club has played four match games so far this season, winning all four of them.

The closing exercises of the public school were held at the Auditorium last night, when an interesting program was presented by the pupils. The attendance of parents and friends of the pupils was large. Today the pupils will be given their cards, entitling them to promotion, and a pleasant picnic is promised on the school lot and in the park, given by the teachers, with ice cream and other refreshments. Miss Roan expects to leave for Tennessee on Monday, and Miss Bowman will follow the middle of the coming week.

Dr. J. R. Vinson of Macon, Ga., has decided to locate here for the practice of medicine and has rented an office on Central avenue. Dr. Vinson is a young man and married. Another young physician was also here last week, a friend of Dr. Vinson, who had also come with the purpose of locating here and the report is in circulation that perhaps Dr. Vinson will leave the field to his friend. But one of them will stay.

Mrs. Ann E. Shotwell, relict of the late David Shotwell, died at her home on South Main street on Tuesday the 17th inst., and was buried the following day in the family lot at Eden cemetery. The funeral was largely attended by neighbors and friends of the deceased lady, and was conducted by Rev. E. P. Butler of the Presbyterian church at the home. Mrs. Shotwell was the mother of Capt. W. B. Shotwell, her only child. She came to this section in the late 70's and was one of our oldest citizens. She was in her 80th year—a good woman, highly esteemed by all whose good fortune it was to know her.

Editor PALATKA NEWS—

It seems to me that the people of Crescent City owe a debt of gratitude to Commissioner W. C. Alvers for his successful effort to bring the proposed road to the northern boundary of Crescent City, rather than permit it to go to the west of the town and on to the Volusia county line. This he did by voting for every plan that had for its purpose the running the line to Crescent City. At the final vote when the fight was between the Union avenue route—which would have taken the road in to Denver, passing to the west of Lake Stella, and leaving out Crescent City—and the old Oakwood road—he chose the latter because it would bring the road to this place, at that time he said that this final act settled the Crescent City road, that the petition for it was general, and that no more petitions would be considered.

Mr. Alvers has been in office less than 1 year and 5 months and has all that time been the steadfast friend of Crescent City. He has fought every measure that sought to divert to other parts of the county the peninsula's share of the present bond money, and has adopted a hard road way from Dunn's Creek to the boundary line of Volusia county. This road is to be built this summer. The bridge is nearly completed across Dunn's creek and bids are being asked for the first stretch of road on the peninsula. Mr. Alvers has fought every bit of extravagance, and has saved the county much needless expense. In the proceedings of every board his name will be noted fighting against anything snacking of graft. In Palatka it is no uncommon remark that "Mr. Alvers is the best man on the entire board."

Your correspondent only asks fair play for this faithful official. Mr. Middleton may be a better man, but that remains to be proven. Given time, and most of those who are now opposing Mr. Alvers will regret their desertion of a faithful official, who will eventually get in his good work in all parts of the district. It's a big district and it takes time for a commissioner to learn all its needs.

Mr. Middleton is a young man, is the president of a \$100,000 company and draws big salary. Mr. Alvers is a comparatively poor man, but is intelligent, active, and the pay of a commissioner means something to him. I am glad to note that the drift of public sentiment is toward him. Two years ago in the first primary Mr. Harp received 82 votes, Mr. Alvers 53 and Mr. Bard 45. This year in the first primary Mr. Middleton received 82, Mr. Alvers 66, and Mr. Metzler 35. Let us all rally to Mr. Alvers support and give him a second term. He has earned it by faithful service.

Yours truly,
JUSTICE.

HE WON THE CROWN.

The Ancient Story of the "Bloody Hand of Ulster."

The emblem of the Ulster steamship line is a huge red hand, from the wrist of which is flowing drops of blood. An official of one of the vessels of the line gave this explanation of the queer device:

"It was in the early days of Ireland, when James I. was king and when Ireland was divided into four provinces, that the king of Ulster died. He had two sons, who were devoted to each other and who at the time of their father's death were on the Isle of Aaron, Scotland. In those days the eldest son did not always succeed the father on the throne.

"They were brave lads, these two sons of the old king, and upon learning of the death of their father each planned to reach across the channel and be the first to place his hand upon the soil of Antrim and thus become king of all the north.

"With eight men each they started off from Mullacra. On nearing the shores of the Isles the youngest prince, whose name was Nell, seeing that his brother was in a fair way to become king, drew his sword, placed his left hand on the side of the boat and cut it off at the wrist.

"Quickly seizing the dripping hand, he threw it on shore and thus won the crown. Since that time, it is told, the bloody hand of Ulster has led to victory on many a hard fought field as emblem on the shields of the young king and his followers. Ulster's name, whether in trade or war or sport or on a steamship line, is known by this sign."—Philadelphia North American.

Didn't Like Bills.

An artist was employed long ago to make a small painting of a duck hunting scene for a wealthy and enthusiastic adherent to that sport who, however, has a reputation as a tightwad. The business man looked at the picture when it was finished, and while he agreed to take it, he insisted that it was not entirely true to life.

"For instance," he said, pointing, "that duck's bill is too long."

"Oh, rats!" put in a friend of the tightwad buyer, who was along.

"You say that as if it was something seriously against this picture. As a matter of fact, when did you ever see a bill that you didn't think was too long?"—Cleveland Plain Dealer.

Nervous Women

For nervous, tired women, we recommend Cardui. Cardui is a woman's medicine. It acts specifically on the female organs and has a tonic, building effect on the whole system. It contains no harmful ingredients, being a pure vegetable extract. If you suffer from some form of female trouble, get Cardui at once and give it a fair trial.

TAKE CARDUI

It Will Help You

Mrs. W. W. Gardner, of Paducah, Ky., tried Cardui and writes: "I think Cardui is just grand. I have been using it for eleven years. I am 48 years old and feel like a different woman, since I have been taking it. I used to suffer from bearing down, aches, nervousness and sleeplessness, but now the pains are all gone and I sleep good. I highly recommend Cardui for young and old." Try it.

The two families spent the winter in the house of C. C. Middleton, the Goodsell's going north in April. Mrs. Thorne had a bad fall down stairs some time ago which is thought to be the beginning of the end. She was a sweet Christian lady, having made many friends here who regret such a sad ending to a pleasant winter.

Mr. and Mrs. Edmonds gave a farewell party to their friends at the cosy little cottage on Friday night. The occasion was Mr. Edmond's 70th birthday, for which he received hearty congratulations. Mr. and Mrs. Edmonds always entertain delightfully and this party was a great success. Ice cream and lemonade and cake were served during the evening. Mr. and Mrs. Edmonds left Wednesday for Arlington, N. J., to be gone until next January.

H. A. Perry is out after a ten days illness.

The Turnip.

The turnip is supposed to be a native of Asia and Europe. It has been cultivated for centuries. The wild East Indian turnip is said to be remotely kin to the edible turnip. It is the size of a walnut and first tasted is sweetish, but in a moment the taste's tongue feels as though it were pricked by a hundred hot needles, and he feels like expectorating for hours after. It is the country boy's favorite medium for a joke on the visiting town boy.

Work and Worry.

"So you think worry kills more people than work?"

"I'm sure of it," replied the sarcastic scientist.

"Why?"

"Because so many people find it easier than work and devote their time to it."—Washington Star.

For who knows most, him loss of time most grieves.—Dante.

Balanced.

"Of course," said the very talkative person on the back platform, "no man ever is a hero to his valet."

"And what is much more to the purpose," said the stout faced individual in the doorway, "no woman ever was a saint to her hired girl."—Exchange.

THE WEARY WAY.

Daily Becoming Less Wearisome to Many in Palatka.

With a back that aches all day, With rest disturbed at night, Annoying urinary disorders, 'Tis a weary way, indeed.

Doan's Kidney Pills drive weariness away.

Endorsed by Palatka citizens. Edward Gravier, Lemon St., Palatka, Fla., "For several months my back caused me considerable trouble. I had a lameness and soreness across my loins and there was a dull ache through my kidneys almost constantly. I could hardly walk and when I sat down for a little while, my back became so stiff that it was with great difficulty that I was able to arise. If I stooped, sharp twinges passed through my loins and caused me added misery. I had often heard of Doan's Kidney Pills and at last procured a box at J. H. Laughton's drug store. They removed the lameness and soreness and at present I feel ten years younger. If my recommendation will be the means of bringing relief to any person suffering from kidney trouble, you are welcome to use it."

Korean and Japanese Tobacco.

The difference between Korean and Japanese tobacco is that the latter, while not so good in quality, is cured in a better manner. The tobacco of both countries is of a much inferior quality to that grown in the United States.
